

## PARKVIEW HEALTH SYSTEM INC RETIREMENT SAVINGS PLAN

Plan Code: PKV-007

Product name: *Lincoln Alliance*<sup>®</sup> program

The purpose of this document is to provide you with important information regarding the PARKVIEW HEALTH SYSTEM INC RETIREMENT SAVINGS PLAN and the plan's designated investment alternatives under the *Lincoln Alliance*<sup>®</sup> program, including fee and expense information, to help you compare investment options in accordance with Department of Labor (DOL) Regulation section 2550.404a-5 ("404(a) participant fee disclosure").

Information presented throughout this entire document is specific to the plan's designated investment alternatives only under the *Lincoln Alliance* program. Please contact your retirement plan administrator for more information.

If you would like additional information regarding your plan's designated investment alternatives, you may visit the specific website addresses shown throughout this document or you may contact your retirement plan administrator at 260-266-4764 or 1050 PRODUCTION RD, FORT WAYNE, IN 46808-4106. A free paper copy of the information may be obtained by contacting your retirement plan administrator at 260-266-4764.

Every effort has been made to ensure that this disclosure is as thorough and accurate as possible to reflect the legal documents, laws, and regulations that govern the operation of the plan. In the event of any conflict, the terms of the plan document, investment arrangements, applicable laws, and regulations will govern.

### Document summary

There are several sections that comprise the 404(a) participant fee disclosure:

- **General plan information section** provides general information regarding plan features and designated investment alternatives, such as an explanation of how to give investment instructions, if applicable.
- **Plan fees and expenses**
  - **Individual participant fees section** provides an explanation of any fees and expenses that may be charged to or deducted from your retirement account based on the actions taken by you. Examples may include fees and expenses for plan loans and for processing surrender charges, if applicable.
- **Comparative charts** provide a current list of the investment options with performance and fee information for designated investment alternatives in comparative chart format.

### General plan information

To direct your designated investment alternatives for the plan:

For initial enrollment, you may enroll by following the enrollment process established for your plan or by completing the materials and returning them as indicated on the documents provided during the enrollment process.

Existing participants may update elections by:

- Visiting [LincolnFinancial.com](http://LincolnFinancial.com), or
- Calling the Lincoln Customer Contact Center at 800-234-3500

You may change your elections at any time; transfers are effective the same business day provided the markets are open and instructions are received before 4:00 p.m. Eastern Time.

The *Lincoln Alliance* program may restrict the number of transfers you may make among designated investment alternatives within the product in a given time period. An investment option may apply a redemption fee or restrict certain transfers. However, transactions associated with market timing – such as frequent, large, or short-term transfers among investment options – can affect the underlying funds

and their investments. Lincoln therefore reviews the number of transfers that a participant makes within given periods of time to determine if any transfer attempts to capitalize upon short-term movements in the equity markets (Market Timing Policy). If so, the participant's transfer activity will be subject to further scrutiny. Potential market timing or frequent trading may result in future trading restrictions, up to and including temporary (or permanent) revocation of telephone exchange privileges.

Voting and tender rights associated with mutual fund shares offered under the plan are exercised by the plan sponsor, if applicable.

The designated investment alternatives available in the *Lincoln Alliance* program are those listed in the comparative charts. Please contact your retirement plan administrator for information regarding designated investment alternatives offered outside of the *Lincoln Alliance* program, if any (e.g., employer securities).

In addition to the designated investment alternatives available under your plan, you may invest in a self-directed brokerage account (SDBA) through the Schwab Personal Choice Retirement Account® ("PCRA"). Subject to plan restrictions, investing in a SDBA may provide you access to a broad range of investments that fit your investment goals such as individual stocks, bonds, CDs, ETFs, and more than 13,000 mutual funds, including more than 2,100 no-load, no-transaction-fee mutual funds. Please note that all 403(b) plans may only be invested in mutual funds.

It is important to note that a SDBA is not a designated investment alternative under the plan. The plan sponsor is not responsible for and does not review and evaluate each investment option made available through a SDBA to ensure each investment option is a prudent selection to be made available to plan participants. Therefore, before you invest in an investment fund through a SDBA, you should read the fund's prospectus and carefully consider the particular fund's investment objective, risks, charges, and expenses.

Investments made through a SDBA are subject to commission fees, service fees, transfer fees, and may include quarterly account fees. The Schwab Personal Choice Retirement Account pricing summary is delivered to you upon enrolling in the service and is posted on their participant website at <https://www.schwab.com/resource/pcra-pricing-summary>.

Generally, there is no minimum balance needed to open a SDBA, but certain investments may require a minimum initial investment. In addition to applicable fees, investments in a SDBA may be subject to trading restrictions and limitations. For more information regarding investment restrictions or fees, please contact Schwab at 1-888-393-PCRA or visit <https://www.schwab.com>.

To establish a SDBA, please call the Lincoln Customer Contact Center at 800-234-3500.

## Plan fees and expenses

This section provides an explanation of fees and expenses for general plan administrative services, if any, that may be charged to or deducted from all individual accounts and are not reflected in the total annual operating expenses of any designated investment alternative. For example, the plan may incur general administrative expenses each year to cover services related to the operation of the plan (e.g., legal, accounting, recordkeeping, trustee fees, and Registered Investment Advisor fees). Where applicable, the plan may charge a portion of these expenses to participant accounts if the expenses are not paid by the plan sponsor or from revenue sharing payments the plan receives from plan investment options. These expenses will appear on your quarterly retirement statement, if applicable.

Additionally, an explanation of any fees and expenses that may be charged to or deducted from the individual account of a specific participant based on the actions taken by that person are described below. The dollar amount of fees and expenses that are actually charged to a participant's account during the preceding quarter will be reflected on the participant's quarterly retirement statement.

### Individual participant fees

The plan applies fees to individual participant accounts. These charges apply only to participants who use specific features of the plan. Here is a list of individual participant fees associated with this plan:

Net Operating Expense: Total annual operating expense net of any applicable fund company waivers/reimbursements.

The cumulative effect of fees and expenses can substantially reduce the growth of your retirement savings. For an example of the long-term effects of fees and expenses on your retirement account, visit the Department of Labor website at <https://www.dol.gov/sites/default/files/ebsa/about-ebsa/our-activities/resource-center/publications/a-look-at-401k-plan-fees.pdf>. Fees and expenses are only one of many factors to consider when you decide to invest in an option. You may also want to consider whether an investment in a particular option, along with your other investments, may help you achieve your financial goals.
